ARCHITECTURAL ROOF COATING SYSTEM

**THE COMPLETE ARCHITECTURAL  
COLOR + WATERPROOFING ROOF  
RESTORATION SYSTEM**

[www.americanweatherstar.com](http://www.americanweatherstar.com)

## AN ARCHITECTURAL METAL ROOF COATING SOLUTION

The Color-Gard+ Architectural Roof Coating System combines our innovative High-Gloss Acrylic 215 with the superior elongation, tensile strength, and color retention of High-Tensile Acrylic 211. This highly-advanced coating system provides metal roof surfaces with a beautiful, high-build, architectural finish and contributes unsurpassed weatherability, abrasion-resistance, colorfastness, and resistance to dirt pick-up.

The Color-Gard+ System is especially engineered to seal, waterproof, and protect aged metal roofs from the harmful effects of the sun, wind, and rain. The system's main components, High-Tensile Acrylic 211 and High-Gloss Acrylic 215, combine to provide metal roof surfaces with a high-performance, low-build, aesthetic finish. The system is designed for metal roofs affected by moderate levels of rust and corrosion with positive drainage.

## SUITABLE SUBSTRATES

- Metal

- 1** Metal roof substrate
- 1A** Red Oxide Rust Prime 912
- 2** Terminator 622
- 3** High-Tensile Acrylic 211 (custom color)
- 4** High-Gloss Acrylic 215

## FEATURES/BENEFITS

- Stops leaks and vastly improves performance
- Provides a beautiful, long-lasting, architectural finish
- Substantially reduces maintenance
- Extends service life by restoring the existing metal roof surface
- Superior elongation, tensile strength, and color-retention
- Cures to form a seamless, watertight membrane
- Eliminates the onset of rust and corrosion
- Long-term warranty options available
- 10-year color-fade warranty
- Minimal interruption to business

## APPLICATION PROCESS

**SURFACE PREPARATION:** To ensure optimal adhesion, the roof is pressure washed to remove all dirt, dust, and debris. In some cases, a primer application (1A) of Red Oxide Rust Prime 912 may be necessary. **1**

**SEAMS/DETAILS:** All seams and flashing details are coated with Terminator 622 a thick “rubber-like” mastic to help withstand the expansion and contraction of the roof structure. **2**

**HIGH-TENSILE ACRYLIC 211:** A base coat of High-Tensile Acrylic 211 provides excellent color retention and delivers maximum adhesion to metal roof substrates. **3**

**HIGH-GLOSS ACRYLIC 215:** A top coat of High-Gloss Acrylic 215 provides a flexible, low-build, and aesthetic finish with unsurpassed weatherability, abrasion resistance, and colorfastness. **4**

## COLOR CHART

White	Light Gray	Medium Gray
Dark Gray	Tan	Federal Brown (6083)
Brick Red (6328)	Terracotta (2803)	Forest Green (6461)
Light Blue (6507)	Dark Blue (6510)	Safety Yellow (6907)
Olive Green (6402)	Custom	

Standard Colors: No additional charge

Premium Colors: \$8 per gallon charge

Custom Colors: Quote Required.

\*Color-Gard+ System is covered by a 10-year color fade warranty.

\*\* 45 Gallon Minimum Order

# PROTECT YOUR INVESTMENT

With American WeatherStar's StarGard Warranty Program, commercial building owners can expect long-term protection and peace of mind. We provide a variety of long-term warranty alternatives when qualified systems are installed by an American WeatherStar Approved Contractor.
