ARCHITECTURAL ROOF COATING SYSTEM

## THE ARCHITECTURAL COLOR ROOF RESTORATION SYSTEM

[www.americanweatherstar.com](http://www.americanweatherstar.com)

### AN ARCHITECTURAL METAL ROOF COATING SOLUTION

The Color-Gard Architectural Roof Coating System combines Color Prime 915 with the superior color retention of High-Gloss Acrylic 215. This highly-advanced coating system provides metal roof surfaces with a beautiful, low-build, architectural finish and delivers exceptional weatherability, abrasion-resistance, colorfastness, and resistance to dirt pick-up.

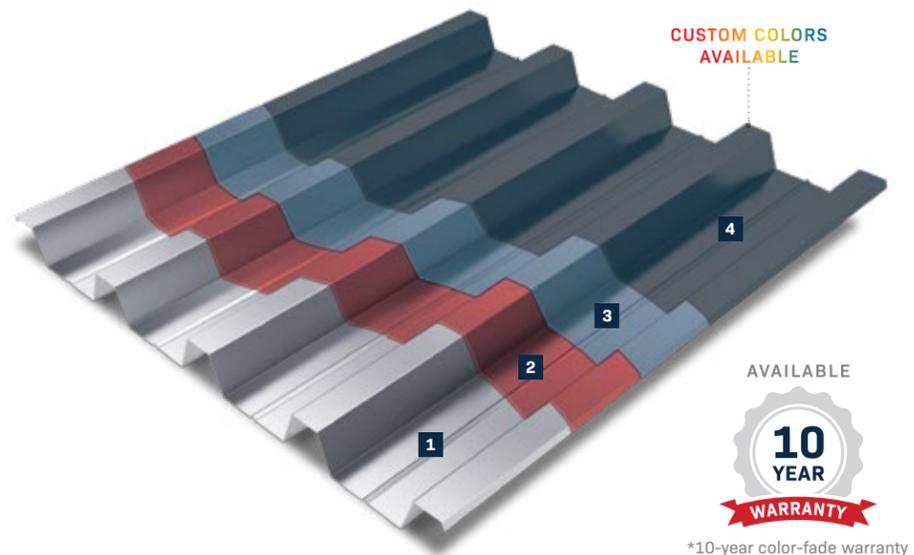

The Color-Gard System is especially engineered to seal and protect aged metal roofs from the harmful effects of the sun, wind, and rain. The system's main components, Color Prime 915 and High-Gloss Acrylic 215, combine to provide metal roof surfaces with a high-performance, low-build, aesthetic finish. The system is designed for metal roofs affected by moderate levels of rust and corrosion with positive drainage.

### SUITABLE SUBSTRATES

- Metal

### FEATURES/BENEFITS

- Vastly improves roof performance
- Provides a beautiful, long-lasting, architectural finish
- Substantially reduces maintenance
- Extends service life by restoring the existing metal roof surface
- Superior elongation, tensile strength, and color-retention
- Eliminates the onset of rust and corrosion
- Minimal interruption to business
- 10-year color-fade warranty

- 1** Metal roof substrate
- 2** Color Prime 915
- 3** High-Gloss Acrylic 215
- 4** High-Gloss Acrylic 215

### APPLICATION PROCESS

**1 SURFACE PREPARATION:** To ensure proper adhesion, the roof is pressure washed to remove all dirt, dust, and debris.

▼

**2 PRIMER:** Color Prime 915 provides an optimal surface for the subsequent coating applications.

▼

**3 BASE COAT:** To ensure uniform dry mil thickness, a base coat of High-Gloss Acrylic 215 (custom color) is applied to the roof surface.

▼

**4 TOP COAT:** A top coat of High-Gloss Acrylic 215 provides a low-build, flexible, and aesthetic finish with superior weatherability, abrasion resistance, and colorfastness.

### COLOR CHART

White	Light Gray	Medium Gray
Dark Gray	Tan	Federal Brown (6083)
Brick Red (6328)	Terracotta (2803)	Forest Green (6461)
Light Blue (6507)	Dark Blue (6510)	Safety Yellow (6907)
Olive Green (6402)	Custom	

Standard Colors: No additional charge  
 Premium Colors: \$8 per gallon charge  
 Custom Colors: Quote Required

\*Color-Gard System is covered by a 10-year color fade warranty.  
 \*\* 45 Gallon Minimum Order
